RELEVANT EXPERIENCE

Research Associate

Karlsruhe Institute of Technology (KIT)

Oct. 2019 – present

Karlsruhe, Germany

- Research on fairness, accountability and transparency in AI-based decision making
- Project work on AI-based service ecosystems, funded by the Federal Government
- Teaching of *Digital Services* and *AI in Service Systems*

(Senior) Data Scientist

International Business Machines Corp. (IBM)

July 2017 – Aug. 2019

Armonk, NY, USA

- Worked at the Chief Analytics Office, supporting IBM's C-suite
- Developed and implemented statistical and machine learning models for decision support
- Managed team of 5 data scientists and consultants
- Co-led team's recruiting efforts, both strategy and execution

Research and Teaching Assistant

Karlsruhe Institute of Technology (KIT)

Sept. 2013 – Aug. 2016

Karlsruhe, Germany

- Worked as a RA and TA in the field of mathematical optimization
- Offered tutorials to >100 undergraduate and graduate students
- Graded assignments and exams in mathematical optimization and stochastic modeling

Current Extracurricular Work:

- MD4SG (Bias, Discrimination, and Fairness working group) project lead since Mar. 2020
- Data Science for Social Good (DSSG) Solve volunteer since July 2020

Academic Service: Program committee (PC) member at ACM EAAMO '21, reviewing at various conferences

Programming: Python, Java, SQL, R, MATLAB

Honors & Awards: Full-ride graduate scholarship (USA) by the German Academic Exchange Service (DAAD); Manager's Choice Award (IBM); IBM Chief Analytics Office Eminence & Excellence Award; Research travel grant (USA) by the Karlsruhe House of Young Scientists (KHYS)

Hobbies (sample): Outdoor sports, climbing, biking, squash, cooking, photography, design, modern art, music
